Get vaccinated.
Get your smartphone.
Get started with v-safe.

Use your smartphone to tell CDC about any side effects after getting the COVID-19 vaccine. You'll also get reminders if you need a second vaccine dose.

V-safe is a smartphone-based tool that uses text messaging and web surveys to provide personalized health check-ins after you receive a COVID-19 vaccination. Through **v-safe**, you can quickly tell CDC if you have any side effects after getting the COVID-19 vaccine. Depending on your answers, someone from CDC may call to check on you and get more information. And **v-safe** will remind you to get your second COVID-19 vaccine dose if you need one.

Frequently Asked Questions about v-safe   >

Your participation in CDC's **v–safe** makes a difference — it helps keep COVID-19 vaccines safe.

When you get a COVID-19 vaccine, your healthcare provider will give you a **v-safe** information sheet. This sheet provides instructions on how to register and use **v-safe**.
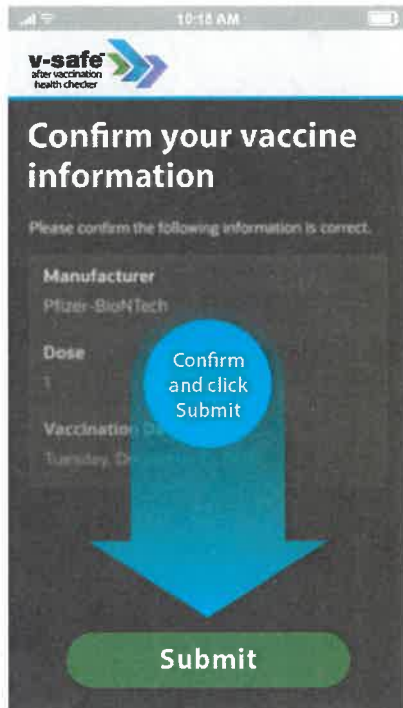

2. Enter your name, mobile number, and other requested information. Click **Register**.

3. You will receive a text message with a verification code on your smartphone. Enter the code in **v-safe** and click **Verify**.
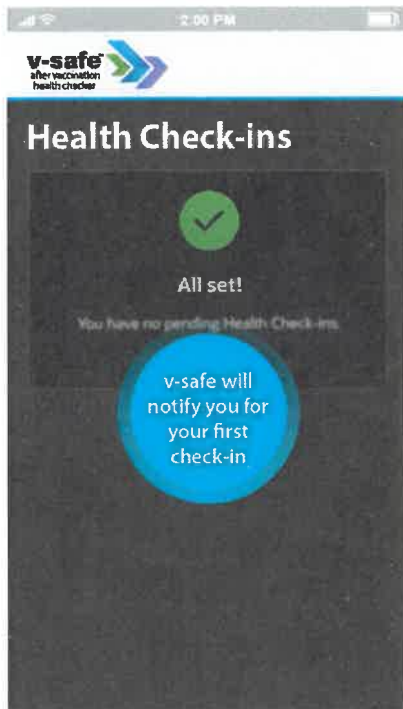

6. Review your vaccine information. If correct, click **Submit**. If not, click **Go Back.**

7. Congrats! You're all set! If you complete your registration before 2 p.m. local time, **v-safe** will start your initial health check-in around 2 p.m. that day. If you register after 2 p.m., **v-safe** will start your initial health check-in immediately after you register — just follow the instructions.

Registration **before** 2 p.m. local time:

Registration **after** 2 p.m. local time:

What happens next?
You will receive a reminder text message from **v-safe** around 2 p.m. local time for
the next check-in. Just click the link in the text message to start the check-in.
